

## RQ MARKS

Following are your marks for the Research Question deliverable of the coursework.

Each component was assessed, then assigned a qualitative mark from the rubric on pp. 4-5 of the coursework specification.

The component's score was then computed by multiplying the component points by the percentage corresponding to the mark in the assessment criteria for each component; the result was rounded to the nearest whole number.

The total net score is the sum of the component scores.

| Section/+ Component |                                                                                                                                                                                                                                                  | Mark               | Score | Possible     |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|-------|--------------|
| <b>Marks</b>        |                                                                                                                                                                                                                                                  |                    |       |              |
| +                   | partA1: <i>Research question</i><br><i>Summary</i> Good.                                                                                                                                                                                         | <b>Outstanding</b> | 38    | of 40        |
| +                   | partA2: <i>Hypotheses</i><br><i>Summary</i> Good.                                                                                                                                                                                                | <b>Outstanding</b> | 19    | of 20        |
| +                   | partB: <i>Dataset</i><br><i>Summary</i> Good.                                                                                                                                                                                                    | <b>Outstanding</b> | 19    | of 20        |
| +                   | partC: <i>Writing</i><br><i>Is the document in Markdown format, conforming to the template and example</i> The closing code block fence is missing.<br><br><i>Summary</i> OK, but not in Markdown format.                                        | <b>Good</b>        | 7     | of 10        |
| +                   | partD: <i>Is it interesting?</i><br><i>Is the Research Question interesting? I.e. not obvious, can't be answered by mathematics, or application of natural law (e.g. speed x distance). (Bonus Question.)</i> The RQ is correct and interesting. | <b>Outstanding</b> | 10    | of 10        |
| Marks net score:    |                                                                                                                                                                                                                                                  |                    | 93    | of 100       |
| Total net score:    |                                                                                                                                                                                                                                                  |                    | 93    | of 100 = 93% |
